Happiness Before Death

Judge Greene In Christian Science Lecture Says Not Necessary To Wait For Death.

Samuel W. Greene, C. S., of Louisville, Ky., last night delivered an address on "Christian Science" in the auditorium of the Elks' Home. His address in part follows:

"What the world is waiting—is seeking—is a religion that comes to the sick and tells them now to be well; that comes to the discouraged and despondent and lifts them out of the slough of despair and despond into the richness, into the fullness, into the joy, of a closer walk with God. Christian Science supplies this need, through the spiritual interpretation of the Bible and the consequent spiritual understanding of God; and enables the world to find the rest and the peace that are promised by the Master.

"Christian Science comes teaching in the very words of Jesus of old that the kingdom of God, the kingdom of Heaven, is at hand—is here, is now, within us, around us, and about us. Through the practice and understanding of this teaching of Jesus, men and women in constantly increasing numbers are healed of all manner of sickness and sin, and their lives are made brighter, better and more satisfying. The theory that eternal life and happiness are to be had beyond the grave only, has always been a depressing element in religion. Christian Science shows that men do not have to wait for death or a final judgment day, before realizing and experiencing the joy of the fulfillment of God's promises.

Christian Science in its healing ministry is not a patent cure-all, nor is it blind faith cure. It is not the action of will power, nor is it the action of the human mind. On the contrary it teaches that the human mind must yield to the divine Mind, to that Mind which was also in Christ Jesus. In proportion that Christian Science is understood, the life and words of Christ Jesus becomes practicable for all ages and all people.

Ignoring, however, the persecution, the lack of sympathy and interest manifested by the world in her discovery during the early years, Mrs. Eddy never wavered in her task, but patiently and earnestly studied the Bible, that she might find the positive rule for the solution of this problem of Mind-healing which had been so graciously and wonderfully revealed to her through her own instantaneous healing from what the doctors had pronounced an incurable physical condition. The result of her studies she has since given to the world in the Christian Science text book, "Science and Health with Key to the Scriptures," commonly called Science and Health, which was published in 1875.

"In Science and Health, page 123, we read "Divine Science, rising above physical theories, excludes matter, resolves things into thoughts, and replaces the objects of material sense with spiritual ideas."

"Let us try this plan in our destruction of evils. We may begin on the members of the household by seeing them as thoughts; thoughts of God, expressions of His goodness and His love, existing to bless the home and all mankind. Contrariwise, let us not see them as selfish, impatient, intolerant, and all such evil thoughts or beliefs will be banished from the home. Then home will become the abiding place of love, goodness and harmony.

FOR SETTLING COAL STRIKE

Lloyd George Ready to Meet Miners at Any Time

DEBATE IN COMMONS

Labor Leader Admits Probable Defeat — Industry Hit Hard — Paints Gloomy Picture

London, Oct. 20.—The British Government is still disposed to leave the door open for negotiations between the 1,000,000 coal strikers and the mine owners. Lloyd George, speaking in the House of Commons toward the close of one of the most memorable debates in a generation, offered to hear the miners at any hour they chose to present themselves on either of two propositions—a hearing of the case by an impartial tribunal or acceptance of the Government's demand for increased production.

An outstanding incident of the day was the powerful speech of William Brace a Labor member, which opened up a wide avenue for the resumption of negotiations and raised hopes for a renewal of the joint conferences of miners, owners and the Government.

Brace declared that the men were ready for a desperate fight to the finish. He painted a gloomy picture of the results for the United Kingdom unless an agreement were speedily arrived at, and pleaded for a settlement "before these miners begin to starve."

The Labor leader declared that the miners realized the extent of the Government's resources and know full well that their action probably would result in defeat. But he pointed out that if they were crushed the miners would return to the pits in a sullen and revengeful mood.

"In that event," he said, "what would happen to the output? What would happen to Great Britain as a first-class nation?"

Brace suggested the appointment of a national wages board to regulate the miners' rate of pay in the future.

J. N. Thomas, another labor leader was also heard in a speech more conciliatory than antagonistic. He declared that no one wanted a "fight to the finish," in spite of the miners' determination to accept such a battle if they were forced into it. He expressed amazement that the strike had been allowed to get under way at all when the differences were in fact so small.

Sir Robert Horne had, in a previous speech, outlined the Government's attitude. The present movement, he declared, was particularly disquieting in view of precedent. Every increase hitherto granted had been followed, he pointed out, by a decrease in the output of coal. He agreed that an agreement was imperative and said that the Government would hearken to proposals that might afford a solution of the problem.

Henderson and Adamson, speaking for the miners, made appeals to the Government to summon another conference of miners and operators this week. To this the Premier responded that, he had no personal objection, to that procedure, but that he first desired to consult the Cabinet in order to avoid any misunderstanding that might arise.

In the mean time, England's industrial paralysis is slowly creeping over the entire country. At least 25,000 men were thrown out of employment by enforced shutdown of steel works, tin plate factories and foundries in Wales and Scotland. Seventy thousand men other than miners are out

ERROR CORRECTED

In connection with a report of the appeal case of Miss Julia May Garrett published in The Gazette October 5 in her suit against the Washington-Southern Railway Company it was stated, that she was attacked by a soldier to whom she was talking while a passenger on the train after she alighted from the train three quarters of a mile past her station. This was not correct. She was talking to a marine on the train and he never left the train and the soldier who attacked her met her on the road after she detrained.

USED LIGHTED MATCH TO FIND HOW GAS STOOD IN AUTO

A visiting automobilist at 2 o'clock this morning, while in front of the Central Garage on Washington between King and Cameron streets, wanted to see just how much gasoline he had in his auto tank. It was dark. He lighted a match to give him the necessary light. An explosion followed.

Singed eyebrows, slight burns on the face, a slightly damaged automobile, a fire alarm, firemen aroused from their slumbers, was the net result of his experiment.

Chemical extinguishers were used in subduing the blaze.

Sleepy firemen after five minutes work returned to their homes in disgust and the owner of the machine also left in disgust and declared never again will he use matches when trying to find out the quantity of gasoline he has on hand.

Ellison was arrested in 1917 for a car-breaking job on September 21, 1916, following a series of freight car thefts in Potomac yards. An appeal was noted.

THREE SHOP LIFTERS NABBED BY POLICE

Women's Dresses Valued at $135 Recovered From Women

HELD FOR GRAND JURY

Trio Came From Washington and Made Hauls at Three King Street Stores Before Being Apprehended

Three colored women giving the names of Lena Brown and Mary Simms, 49 Defrees street, northwest, and Katherine Hardin, 70 Defrees street, northwest, Washington, following a preliminary hearing in the police court today on a charge of shoplifting from three stores here yesterday afternoon were held for the action of the grand jury.

Dresses and an underskirt valued at about $135 were recovered by the police and are being held as evidence against the accused women. The arrest of the trio was made by Policemen Carlton A. Padgett and Lawrence Padgett.

The trio at the store of Bendheim's, Irvin Diener, proprietor, 417 and 419 King street, engaged the attention of Mrs. J. M. Stafford, a saleslady, and after looking over several dresses succeeded in getting away with one dress valued at $59.50 and then they visited the store of J. Blankin, 622 King street, and after engaging the attention of Mrs. Lucille Allbright, a saleslady left with two dresses valued at $35 each. They next went to the store of Elias London, 411 King street and succeeded in getting an underskirts valued at $5. The identification of all of the goods stolen was made at headquarters today by the proprietors of the stores.

Both Mary Simms and Lena Brown admitted the theft of dresses from Bendheim's and Blankin's and the Hardin woman denied being guilty of stealing and declared it was her first visit to Alexandria, she telling the court that she only met the two other women last Sunday.

In each case the plan of the women was to go together to a store and look over articles. One was supposed to be the purchaser and while the one was engaging the attention of the clerk the others would get away with the goods. In each instance the woman who looked over the dresses would leave without making any purchase. According to Mr. Blankin for the past six months on different occassions he has missed articles from his store and some of the women arraigned he said had been in his establishment before.

Red Cross Membership Roll Call Starts Tomorrow.

Just one more day before the beginning of the fourth roll call of the American Red Cross. There is renewed activity at the headquarters of Alexandria Chapter at the Chamber of Commerce. Three thousand members is the goal. The peace time program is filled with service that will make a better and healthier community. Men and women active during the war are today designated members of the Red Cross Alumni and under this leadership it is safe to predict not only a large membership, but a work in which all citizens will find satisfaction.

While the work abroad will be continued, particularly the amelioration of the orphans in various European countries, the work at home will be enlarged to meet the demands just so far as the funds of the Red Cross will admit.

The popular way to enroll is to look for one of the committees. Don't wait—be among the first to enroll.

Virginia's New Hour

Free Admission Cards Sent—All Should See Picture Tomorrow At Ingomar

The Chamber of Commerce through its committee is to day mailing to every qualified voter in the city both men and women a ticket which entitles them to admission to the great film attraction "Virginia's New Hour," and every voter who can possibly do so should see this picture. It is a state photoplay in which the people of Virginia appear as the camera found them at work in their fields, their shops, and upon the highways. It goes straight to the heart of a matter of vital concern to every citizen and portrays the blighting effect of primitive roads upon modern life. In this picture there are many scenes that will be familiar to the citizens of this city.

In order that every one may have an opportunity to see this film, it will be shown in the Ingomar Theatre Thursday, October 21st, the first performance will begin at 2.30 p. m. continue through without interruption until about 11 o'clock p. m., thus assuring five performances. The committee earnestly requests that as many as possible see this picture in the afternoon, thus preventing delays at the door, and making it possible for those who are employed out of the city and others who are unable to attend in the daytime to see this picture at night. There are now approximately four thousand voters in the city and it would be impossible for them all to see the film at the night performances.

HARDING SOUGHT TO DECEIVE SAYS COX

Deliberately Left Inference That France Sent Representatives to Him

OPPOSES IRISH

Senator's Record In Congress Proves That Governor Tells Manchester Crowd—League Plea Effective.

Manchester, N. H. Oct. 20.—Senator Harding's statement regarding alleged French overtures toward a new association of nations was hailed by Governor Cox, of Ohio, in speeches through New England yesterday as a "trick under" and an attempt to deceive the American people.

"After President Wilson has asked them," said the Democratic Presidential candidate, "if he had really stated that France had been guilty of such a breach of international manners, he surely must feel that he did not see how his words could be misconstrued as implying that France had sent her representative to him when all he meant was that there had been those who spoke a sentiment which they represented the very murderers among the French people. The facts justify the conclusion that Senator Harding has stupidly, though deliberately, attempted to deceive the people of the United States.

"He has voted against every proposal for freedom touching the status of every dependency of imperialistic governments. He has voted against the resolution expressing the hope that the British Government might exercise clemency in relation to Irish political prisoners. He voted against every reservation tending to make more clear the right of self-determination under the League. He voted for an amendment to the Gerry reservations to strike out the words 'the principle of self-determination,' thus committing the Senate against that principle, and then voted against the reservation itself, squarely opposing the right of self-determination for the people of Ireland or any other country. And finally he expressed the sentiment that America had no concern about the difficulties of Great Britain and Ireland which he described as a purely internal affair.

"When he extricates himself from the difficulty of his blunder with the French humorist he may return to the Irish question, especially as the statement of his attitude of unconcern there was seized upon by British journals as quasi-official, and was followed by reprisals against Irish citizens by the soldiers of Great Britain's constabulary.

"Senator Harding probably means well, but his constantly misunderstood attitude would seem to make him the Happy Hooligan of American politics scarcely fitted for the serious business of the Presidency."

Governor Cox delivered his plea for the League of Nations at Manchester to a large noonday crowd on Merrimac Common. The Democratic Presidential candidate made the League vir

RTPUBLICAN TERGIVERSATION

As a matter of courtesy we prefer the longer and less ugly word. If the Republicans thought they were telling the truth about the covenant they would try to get people to read it. Is that not plain? But it is only Mr. Cox and his supporters who urge people to read it. The covenant is not in the Republican campaign book. Republican papers are not printing it.

Mr. Lodge has grown so bold, or so desperate, that he charges that under Article X any member of the League might demand that the United States individually come to its support. No person who has read Article X believes that. Mr. Taft is an eminent lawyer and Mr. Lodge is not and Mr. Taft defends the article from that misconstruction, and says he would have voted for ratification without reservations if he had been a Senator. Mr. Taft was supporting the President of an opposite political party when he defended the covenant. Mr. Lodge, who urged an international league to maintain peace when he spoke at Union College in June, 1915, is now "fighting President Wilson," to use his own explanation of his attitude. Which of the two is more likely tell the truth?

But it is perfectly true that under Article X the United States might be called to contribute its quota to an armed force to prevent war. It is not likely, for, as Mr. Taft has shown, the economic boycott would almost certainly suffice, and, as Mr Taft has also shown, we have maintained the Monroe Doctrine for 97 years without firing a gun. The existence of the League would almost certainly make it needless to use even the economic boycott.

But is is possible that the United States might be called on, in association with other members of the League, to use force to prevent war. Would not that be worth while? Is it not better to prevent a war than to end a war already raging? Without any League the United States was obliged to send 2,000,000 men to France and put nearly as many more into the camps at home awaiting transportation to France, and to spend 25 billion dollars, to end the World War. Is there a single person who will not say it would have been better for us to contribute a division or two to an Allied army to preserve the peace?

This is the choice before the American people: Shall we join Theodore Roosevelt's "posse comitatus of nations" to prevent war, or shall we let wars go on, with the probability of finding ourselves obliged once more to plunge into a world war?

SHOT AND ROBBED BY BANDITS

Traveling Man Held Up Near Beaver Falls, Pa.

Beaver Falls, Pa., Oct. 30.—Joseph Goldberg, of Columbus, Ohio, was brought to a hospital here yesterday with two bullet wounds in his body after a fight near Darlington with bandits. David Aronvitz, of Cleveland, Goldberg's traveling companion, was held by the police pending an investigation.

According to the authorities Goldberg said he was driving from Pittsburgh to Cleveland and when near Darlington was held up by a party of men in a touring car and after being shot was robbed of $1,000. Goldberg denied that he was transporting whisky and that several cases had been stolen by the robbers from his car.

Manslaughter Plea Halts Murder Trial.

New York, Oct. 20.—The third trial of George Lewis, a gangster charged with the murder of Thomas "Tanner" Smith, was halted yesterday when Lewis pleaded guilty to manslaughter. The killing took place July 26, 1919.

Judge Rosalski accepted the plea only after it had been established that the bullet from Lewis' revolver entered the body of the dead man after he had succumbed to the shot of Lewis' accomplice.

It is alleged that Smith was playing cards in a club on Eighth avenue when two men entered and opened fire on him.

Three Bandits Snatch $20,000 From Chicago Bank Messenger.

As the body was about to be placed in the hearse Mr. Crum uttered a cry, dropped to the floor and expired. He was 57 years old.

HARDING SOUGHT TO DECEIVE SAYS COX

tually his sole topic. Defeat of Senator Moses, Republican, also was urged by the Governor.

He asked that Raymond F. Stevens the Democratic opponent of Senator Moses, who was on the platform here be given an opportunity to vote for the League in the Senate.

"Senator Moses ought to be kept at home," the Governor said.

Governor Cox again characterized Senator Lodge, of Massachusetts, as the "basest conspirator of all humanity."

"Do you wonder that at a Republican meeting in Massachusetts yesterday the name of Henry Cabot Lodge was hissed?" he asked. Some of his audience applauded and others hissed.

Governor Cox based his attack on the Senate "round robin" which, he said Senator Lodge managed and Senator Moses signed. The candidate added that if Senator Moses was a Democrat and had signed it he, Governor Cox, would have asked for his defeat just the same.

He invited and received numerous questions here regarding the League. He was quizzed particularly about quality of voting and the Irish question.

His statement on Ireland was applauded warmly, especially his remark that now a "war of extermination" seemed in progress, which was "shocking to the conscience of the world."

Asked why Korea was not given a hearing at the peace conference, the Governor said that he did not know it was a matter of importance.

"What has been done in Afghanistan and Shantung will be undone," the Governor declared in reply to another question regarding territory secured by Great Britain and Japan in the settlement.

The Governor's League arguments were applauded often, principally by those near the speaking stand.

"How about paying 100 per cent. for Liberty bonds?" was another question.

"Do you know that speculators, principally are asking that?" the Governor replied. "These speculators have bought them from people who have to sell. I'm not going to stand for the bond speculators."

The questioner asked whether the candidate would cause peace to be declared, and Governor Cox said that he would "bring a lot of fellows to justice" if he had a chance, including, he said, "corporations which have violated the law by making large campaign contributions."

Governor Cox and his party motored to Manchester through New England hills beautiful in autumn verdure and the Governor enjoyed another automobile ride from here to Concord.

Governor Cox said that Senator Harding's statement on French overtures for a universal association was "certainly an attempt to mislead the American people."

"The Senator gave the impression," said the Governor, "that a man from France had come to him. What did that imply? That France wanted to get out of the League and wanted America to get her out. France promptly disavowed the whole transaction."

The entry of the Governor into New England was marked by his appearance in pajamas before a crowd at the railroad station in Springfield. The candidate had not been expected to speak there and was making leisurely morning preparations in his private car, intending to give his first address of the day at Worcester, 50 miles away, when he heard the calls of the crowd of several hundred persons that had gathered to see him.

The Governor hastily slipped on a long overcoat, which he carefully buttoned to the chin, and then, still wearing his bath slippers, stepped to the rear platform. He smiled appreciatively in response to the shouts of "Good morning, Governor." He spoke for only five minutes and the train pulled out while he was still talking.

in Sheffield, and 5,000 are out in the steel mills of Lancashire. Reports from other parts of the United Kingdom confirm the country's fears that another week will see almost every great industry of England, Scotland and Wales compelled to close its doors.

Announcement was made last night of the supervision of the sailings of nearly all the passenger steamers between England and Ireland. Exception is to be made in the cases of vessels carrying the mails. The railroads also are beginning to restrict their passenger service.

It is reported last night that in the Middlesborough iron district nearly 30,000 workmen have been rendered idle in the iron and dependent industries as a result of the coal strike.

By an agreement between the Board of Trade and the Jockey Club, horse racing is to be suspended for the duration of the miners strike.

King George has set an example for householders throughout the country in the saving of coal by ordering that fires in the royal palace shall be lighted only when absolutely necessary. Even then they are to be kept as small as possible.

A serious aspect to the coal strike was added today in the prospect of the 25,000 London commercial road transport men ceasing work. A conference was to have been held today to take final action on this resolution but the meeting was adjourned until tomorrow.

Meantime orders have been issued to branches of the Union throughout the country to have their strike organizations prepared. Should the transport workers in all parts of the country walk out it is estimated that 180,000 men would be involved.

NEW BASEBALL LEAGUE THREATEN OF REFORMERS

Chicago, Oct. 20.—Unless the five American League Baseball Clubs, Cleveland, Detroit, Washington, St. Louis, and Philadelphia, which under the leadership of President Ban Johnson, have been refusing to join the members of the National League and the other three clubs of their own circuit in the effort to reorganize baseball agree to do so by November 1 they face the prospect of being left out of organized baseball.

Should they refuse to join in the reorganization plan, the eight National League and the three American League clubs, New York, Chicago and Boston, served notice they would form a 12 club league, the twelfth club to be chosen from some other city.

Baltimore is considered the logical city to become the twelfth member of the proposed league. Its geographical location is good, and it has been regarded as being ripe for major league ball for years.

This situation developed last night as a result of a meeting of the representatives of the eight National League and the three American League clubs, at which they went on record as favoring abrogation of the national agreement between professional leagues. Resolutions adopted proposed a complete reorganization of baseball, with the National Commission abolished and a civilian tribunal of three men not financially interested in the game in complete control.

The action followed a conference lasting more than nine hours. The resolution will be considered at another meeting November 8 and presented to the management of minor league officials at Kansas City November 9 for their approval. All professional leagues will be invited to join with the 11 clubs acting today in the proposed reorganization.

President Johnson and the heads of the five American League Clubs, not represented at the meeting, had been invited to attend, but refused to do so.

ASPIRIN

Name "Bayer" on Genuine

BAYER OK

It's criminal to take a chance on any substitute for "Bayer Tablets of Aspirin." Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin box es, of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

DO YOU KNOW WHAT IS THE MATTER?

When You Feel Out of Sorts and See Things With a Dull Eye

LOOK TO YOUR BLOOD

Pale Complexions, Languid Feelings, Lowered Vitality, Need More Red Blood—Take Pepto-Mangan

So many people spend week after week feeling down and out. They never stop to think that something really is the matter. They satisfy themselves by saying, "Oh, I'm not sick. I'll be all right tomorrow."

And tomorrow comes again and again. Still they feel depressed and languid, scarcely able to get around.

If you don't feel like yourself, you are not yourself. If you are weak and pale, your blood needs strengthening. You should know about Pepto-Mangan, that famous blood tonic. Physicians recommend it and prescribe it because it contains just the ingredients needed to make red blood. It renews your energy, puts you where you ought to be. Begin with it today. Get the tablets if they will be more convenient to take than the liquid. Both have the same medicinal properties. But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the full name, "Gude's Pepto-Mangan," is on the package. Adv.

Earlier in the day the following steps were taken:

Adoption of a resolution favoring the passage by all States of laws designed to punish all attempts to bribe baseball players and all gambling on any game to which the public is invited; also the draft of a proposed law to effect these results.

Adoption of a resolution offering the Cook county grand jury the assurance of any and all of the baseball owners or officials in their investigation of baseball gambling and in any prosecutions that may follow.

The 11 clubs in conference were represented as follows:

National League—Boston, George W. Grant; Brooklyn, Charles H. Ebbets; New York, Charles A. Stoneham and J. J. McGraw; Philadelphia, William F. Baker, and L. C. Ruck; Pittsburgh, Barney Dreyfuss; Cincinnati, August Herrmann; Chicago, William L. Veeck, A. D. Lasker and William Wrigley, Jr.; St. Louis, Samuel Breadon, J. C. Jones and Branch Rickey.

American League—Chicago, Charles A. Comiskey, Alfred Austrian, Louis Comiskey and Harry Grabiner; New York, Colonel Ruppert and Col T. L. Huston; Boston Harry Frazee.

Bootlegger Hunt Disastrous to Six.

Danville, Va., Oct. 20.—Chief of Police Harold Stultz is in Martinsville Hospital with a broken collarbone and five revenue officers are nursing cuts and bruises following an encounter with an alleged bootlegger on the Henry county road late Saturday night.

The officers were riding in a heavy car which had been seized on the previous day because it contained liquor, and were about to block passage of another car that was expected to arrive within a short time. The alleged blockade runner soon arrived and after approaching the officers with dimmed lights, suddenly flashed them full on apparently intending to charge full tilt into the officers' machine, Stultz, at the wheel, pulled his car out of the road, but, dazzled by headlights of the oncoming machine, took it too far to one side and it pluged down a steep embankment, spilling the occupants.

R. P. Arnold was badly cut. Henry Meade, T. R. Prillaman, C. M. Prillaman and Roy McGhee were more or less seriously injured.

Duff was able to uersuade her to return, according to the testimony in a bill for divorce filed yesterday by Mrs. Margaret E. Duff in the Superior Court.

Duff is employed by brokers and his persuasiveness as a bond salesman enables him to earn $500 a month, according to Mrs. Duff.

Shesays he threw her down and branded her with the hot iron in August, 1918, at their home in Kenwood. Then he trew her out and she remaned away three weeks, but he pleaded with her to return and she did so. Last August he spent an entire day nagging her, she says, winding up a day of terror by throwing her violently across the room, slamming her to the floor and holding her down while he continued his torrent of tbuse.

Grand Jury Will Look Into High Food Costs.

Boston, Oct. 20.—The Federal grand jury was ordered in special session on October 27 by the United States Attorney Daniel Gallagher yesterday to deside whether present high prices for food at hotels and restaurants involve criminal profiteering. As an exhibit for its consideration, he indicated, the grand jury would be shown a ham sandwich which cost 6 cents to make and was sold for 30 cents.

The announcement of a special session followed a conference with hotel proprietors, who, like restaurant keepers who were heard Monday, said there was no way in which they could cut prices and make their dining rooms pay. Although profits running to 3,000 per cent. on vegetables and into hundreds of per cent. on certain dishes were admitted, they told the Government attorney that in most cases their eating places were being run at a loss.

"Overhead expenses," were blamed for the conditions by most of those heard and this reason Mr. Gallagher declared to be "humbug."

Tampa Motorman Gets Over His Troubles

After Suffering Ten Years From Indigestion Emerson is Relieved Through the Use of Tanlac.

"I certainly am glad Tanlac came my way, for if I had been much longer finding something to help me I would simply have had to give up my job," said James N. Emerson, a motorman for fourteen years with the Tampa Electric Company and who lives at 2404 17th ave., Tampa, Fla.

"Some ten years ago," he continued "I began having trouble with my stomach. I kept going from bad to worse till four or five years ago when my condition became awful. Since that time I had not been able to eat anything without suffering from indigestion.

"After eating I would bloat up with gas till it was hard for me to breathe and I would have the worst kind of misery in the pit of my stomach. My food seemed to do me no good and I became so weak, run down and nervous that I never felt like doing a day's work. In fact many a day it was all I could do to operate my car.

"When Tanlac was put on sale here in Tampa I bought a bottle and in three days after starting on it the gas had stopped forming on my stomach and I could eat without any discomfort. I am now eating just anything I want and never have a pain or uncomfortable feeling afterward. I am now feeling just splendid and my old time strength and energy are rapidly returning. From my experience I honestly believe that Tanlac is the best medicine sold for any sort of stomach trouble."

Tanlac is sold in Alexandria, by Edgar Warfield, jr., and Gibson's Drug Store.

Skin Sufferers Do Not Want Mere Temporary Relief

Of course, if you are content to have only temporary relief from the terrifying itching and burning of fiery, flaming skin diseases, then you are satisfied to remain a slave to ointments, lotions and other local remedies applied to the surface of the skin.

Real genuine relief from eczema, tetter, scaly eruptions or any other form of skin irritations cannot be expected until you free your blood of the germs which cause these disorders. And for this purpose there is no remedy that gives more satisfactory results than S.S.S., the fine old blood remedy that goes down to the source of every blood disorder and routs out the germs which cause the trouble.

S.S.S. is sold by all druggists. Begin taking it today, and if you will write a complete history of your case, our medical director will give you expert advice without charge. Address Chief Medical Adviser, 155 Swift Laboratory, Atlanta, Ga.

Ex-Slave Says No Sane Negro Wants Equality.

Atlanta, Oct. 20.—Born a slave and now reputed to be one of the wealthiest and most respected negroes in the South, David T. Howard, 71 years old, yesterday celebrated his golden wedding anniversary and made it the occasion to give some advice to members of his race.

Beginning on a legacy of $150, left by his former master, Howard now owns a business rated as the fourth largest of its kind in the city and financial institutions readily make loans on his name.

"I never wasted time, never went in for wild oats, never saw a base ball game and never danced a step—but always attended to my business," said Howard. "No social equality for me; no sane-thinking negro wants it."

The negro today, Howard said, wants better justice in courts, better accommodation on railroad trains and more schools for his children.

"Too many silk shirts and too much good time," he said, were the causes of racial unrest.

War Souvenir Fatal to Boy.

Frederick, Md., Oct. 20.—Explosion of a hand grenade brought back from France by a returning Yank cost the life of 7-year-old Raymond Powell, son of Rex Powell, Brunswick. An arm and a leg were torn from the body of the boy. He died at the City Hospital here four and a half hours after the accident, which occured at the home of his grandfather, Martin House, Brunswick. The mother of the boy had been taken to the hospital a short time before the accident occured.

Stories of the mishap differ. One version is that the boy secured the grenade without the knowledge of his grandfather and hammered it with a stone. Another report was that a soldier gave the explosive to the boy and that the latter struck it with a hammer while playing in the yard at the home of his grandfather.

A WOMAN'S BACK
The Advice of This Alexandria Woman is of Certain Value.
Many a woman's back has many aches and pains.
Oftimes 'tis the kidneys' fault.
That's why Doan's Kidney Pills are so effective.
Many Alexandria women know this.
Read what one has to say about it.
Mrs. F. M. Entwisle, 1007 Gibbon Street, Alexandria, says: "The pains in my back were something awful and no matter how I turned I couldn't get rid of them. There was a sore and lame feeling and a heavy bearing-down ache in my back all the time. My head felt as though somebody were pounding it and I became very nervous. I had dizzy spells, too. The way my kidneys acted bothered me a lot and caused me no little pain. The first box of Doans Kidney Pills gave me relief and by the time I had finished the second one all my kidney trouble had left me; I was entirely cured."
Price 60c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mrs. Entwisle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

How One Woman Helped Another
Foley Kidney Pills are bought in every state in the Union by men and women on the recommendation of those who already have been relieved of kidney trouble and bladder ailments by this sterling family remedy. Comparatively little advertising has been done for Foley Kidney Pills, yet they are well known, and those who know their splendid healing properties never accept an imitation or substitute for the genuine Foley.
Pains Banished, Health Restored
"In September, 1912, I was stricken with backache and was unable to turn myself in bed. I was under the care of a physician but obtained no relief. A neighbor brought me a full bottle of Foley Kidney Pills, said she had been similarly afflicted and they had relieved her. So I tried them, and after taking three bottles was well and on my feet. I most heartily recommend Foley Kidney Pills. I have never known them to fail."—Mrs. G. H. Eveland, Duncan Mills, Ill.

DODSON SOUNDS CALOMEL' DOOM
The 'Liver Tone' Man Warns Folks Against the Sickening, Salivating Drug
Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.
Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.
Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not saivate or make you sick.
